WE DO IT RIGHT
SO YOU HAVE WORRY-
FREE BUSINESS

THE COMPANY

ZERO ALPHA is an independent private consultancy specializing in Information and Communications Technology (ICT) established in 2011 by Mr. Khoa Le, an experienced consultant, who has been able to forge a strong and talented team of professionals that constantly strive for innovative and valuable approaches to give our clients a competitive edge.

As an ICT services focused company we provide end-to-end solutions and needs-driven consultation. In short, we help dynamic organizations align their IT services with their business requirements.

ZeroAlpha

Our approach focuses on new way of business, thereby combining IT innovations and adoption while leveraging an organization's current assets.

Our team is committed to provide IT Services with:

- Quality
- Innovation
- Support

OUR OBJECTIVES

A

Our main emphasis is to deliver best quality in every project we undertake.

With our time tested business methodology, and structured solution building approach, we ensure to maintain our global business standards.

B

In our each project, we emphasize on innovation. Our structured team works with a methodology and knowledge to innovate and deliver excellent services.

C

We are committed to provide development and tech-support teams to IT infrastructure planning, building and maintenance at a competitive rate.

VISION

ZERO ALPHA services span the complete life cycle but its true value is seen from the very early stages with high level consulting directing the project as it matures into detailed project designs and implementation. We can also provide network operations, IT support and maintenance to ensure post-implementation the communications infrastructure is maintained to maximize efficiency and performance.

Solutions

Understanding that not all businesses are the same, we've developed a personalised approach allowing you to choose specific components to be managed, or outsource it all to us. This allows us to tailor our solution to best meet your requirements.

Responsive

We are a complete IT department at your disposal. We are always ready and our flexibility for what you need, as you need it with fast response times and get back to business quickly as possible.

Trustworthy

Our philosophy is to take care your technology so you can take care your business. For that, we understand what you need, we give you direct answer, and we protect your business with all of our knowledges and experiences.

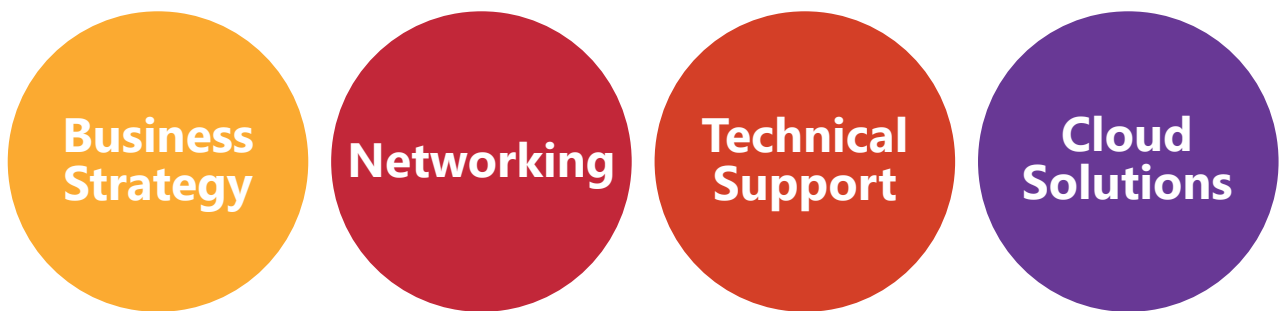

CONSULTANCY

Consulting is the integrated part of our services with expertise in network infrastructure, server design and implementation, and cloud service development. We specialize in designing and implementing cost-effective, creative information solutions to complex business problems. We have provided are services to F&B sector, travel sector, law sector, government sector and manufacturing environment.

We pay full attention to customers, and we take proud in the fact that customers right from the inception have continuously added to our friends list. Most of our customers are brought to us through our satisfied users. Our vast pool of technically qualified and managerial manpower is well supported by excellent infrastructure and knowledge management facilities to deliver the client time bound, qualitative and cost effective solution meeting the global standards.

OUR SERVICES

ZERO ALPHA works in collaboration with their clients to design, deploy, operate, and improve the IT services that are essential to their businesses. In addition, the extent of product and service offerings makes ZERO ALPHA a valuable contributor in an industry where we are known for using both reliable tested solutions and new innovative methods depending on what suits our client's needs the best.

OUTSOURCING

When your business is running twenty-four seven to come up with innovative means to maximize its potential, outsourcing isn't just an option it is a necessity. Today, efficient business process outsourcing has become the lever to unload your organization of resource-consuming procedures and controllable costs. Everyone works towards allowing your organization a stronger focus on core business areas.

ZERO ALPHA not only provides industry-specific solutions but also deposes personnel to organizations with technical skills to manage back office transaction processing. Viewing it from clients' perspective this cuts off cost on acquiring and maintaining technical staff and enables them focus on their core competencies. The key element of services delivery is an integrated approach towards providing increasing value over the entire course of our client relationships.

WHY CHOOSE US

- You are the most important ingredient in a partnership with a top team of IT specialists.
- You enjoy the freedom to focus on what you do best.
- You enjoy cost-effective access to the best IT expertise and the latest technologies.
- You have the peace of mind that comes with measurable performance indicators.
